How Should We Now Live?

THE NEW YORK/PENTAGON CATASTROPHE AND THE ASSAULT ON FREEDOM HAS BEEN COMPARED TO THE ATTACK ON PEARL HARBOR 60 YEARS AGO. HOW DOES AMERICA, THE COUNTRY, COMPARE - THEN AND NOW?

THEN: America's economy was dependent upon our rich natural resources and the technology to manufacture them into tangible products. **NOW:** Mining, lumbering and much of our manufacturing have been regulated out of the country. America now depends on an intangible, vulnerable "service economy."

- **THEN:** Farmers were the backbone of our country. They were free to farm, and did. **NOW:** Farmers must obtain a permit to plow their fields. More and more food is imported.
- **THEN:** Only U.S. citizens could register to vote. **NOW:** Registrars are forbidden to ask for proof of citizenship for fear of "profiling."
- **THEN:** Private businesses owned telephone companies, water systems, and power generators. **NOW:** Government, which pays no taxes, competes with taxpayer utilities for services.
- **THEN:** Citizens could build a home without a multitude of mitigating permits and time

WE ARE THE GREATEST NATION ON EARTH AND WE DON'T NEED TO LET SOCIAL ENGINEERS AND TERRORISTS CONTROL OUR LIVES. WITH ALL THAT HAS HAPPENED, THE STATE LEGISLATURE WILL NOT BE ABLE TO CONDUCT BUSINESS "AS USUAL" WHEN IT CONVENES ON JANUARY 14, BUT WORKING TOGETHER WE CAN TURN THIS COUNTRY BACK TO THE GOOD PARTS OF "THEN." I PLAN TO SUPPORT LEGISLATION THIS SESSION THAT WOULD DO JUST THAT. LET US TAKE BACK AMERICA, THE STATE OF WASHINGTON AND THE FREEDOM TO BE POLITICALLY INCORRECT.

Have a Merry Christmas, Val.

delays imposed by government.

NOW: Unelected, bureaucratic social engineers "manage" much of citizens' lives through regulations.

- **THEN:** Mom stayed home to raise a family because the two-parent family could survive on one income. **NOW:** Families rely on two incomes, one to pay the taxes, and one to buy necessities.
- **THEN:** "God Bless America," and "Praise the Lord and Pass the Ammunition" were common patriotic phrases and the flag was treated with respect. **NOW:** The flag is burned in the name of Freedom of Speech, and "The Pledge of Allegiance" may offend someone.
- **THEN:** Countries were given immigration quotas and applicants needed to be healthy and have a marketable trade. **NOW:** Terrorists have gained a foothold in our trade schools, and incite un-American riots on taxpayer-supported campuses.
